

Occupancy Sensor Lighting Controls Wall and Ceiling-Mounted

Catalog
 #ODS10-ID*

Decora Wall-Switch Infrared Occupancy Sensor

800W@120V INC 1200VA@120V 2700VA@277V FL, 120/277 Volt AC 60Hz,
 Single-Pole, 180 Degree, 2100 Sq. Ft. Coverage,
 Decora Passive Infrared Wall Switch Occupancy Sensor,
 Commercial Grade - *Available in White, Ivory, Almond, Light Almond and Gray.

Ideal for use in: Enclosed areas: small offices, conference rooms, storage rooms, lounges, restrooms, ware-

Catalog
 #OSSMT-MD*

Decora Wall-Switch Multi-Technology Occupancy Sensor

Multi-Technology Wall Switch sensor, minimize false triggering, trouble free, 1200 Sq. Ft. Major Motion Coverage,
 400 Sq. Ft. Minor Motion Coverage, 800VA@120V INC, 1200VA@120V FL, 2700VA@277V FL,
 1/4HP@120V Motor, Commercial Grade - California Title 24 Compliant.

*Available in White, Ivory, Almond, Light Almond and Gray.

Ideal for use in: private /executive offices, conference rooms, storage areas, restrooms, classrooms, training areas.

Catalog #
 OSC10-U0W

Ceiling-Mount Ultrasonic-Technology Low Voltage Occupancy Sensor

Ultrasonic-Technology, 360 Degree, **1000 Sq. Ft. Coverage**, Self-Adjusting, Ceiling Mount Occupancy Sensor,
 Commercial Grade - Available in White. **To use with line voltage application see power base adaptor below.**

Ideal for use in: hallways, storage areas, copy rooms and a variety of small spaces without wall switches.

Catalog #
 OSC10-M0W

Ceiling-Mount Multi-Technology Low Voltage Occupancy Sensor

Multi-Technology, 360 Degree, **1000 Sq. Ft. Coverage**, Self-Adjusting, Ceiling Mount Occupancy Sensor,
 Commercial Grade - Available in White. **To use with line voltage application see power base adaptor below.**

Ideal for use in: storage areas, small restrooms, copy rooms and a variety of small spaces without wall switches.

Catalog #
 OSC20-M0W

Ceiling-Mount Multi-Technology Low Voltage Occupancy Sensor

Multi-Technology, 360 Degree, **2000 Sq. Ft. Coverage**, Self-Adjusting, Ceiling Mount Occupancy Sensor,
 Commercial Grade - Available in White. **To use with line voltage application see power base adaptor below.**

Ideal for use in: office areas, storage areas, restrooms, copy rooms and a variety of spaces without wall switches.

Catalog #
 OPB15-DW

Power Base Adapter for Low Voltage Ceiling-Mount Occupancy Sensor

The Power Base™ Adaptor converts any Leviton low voltage ceiling occupancy sensor to a self-contained,
 line voltage unit, with 15Amp, 120/277V load capacity - Available in White.

To use with low voltage ceiling-mount occupancy sensor when line voltage is used.

Catalog #
 OSFHU-ITW

Linear Low/High-Bay Fixture-Mount Occupancy Sensor

Passive Infrared Technology, 360 Degree and aisle way capabilities, 800VA, 6.67A @ 120VAC, 1200VA, 4.33A @
 277VAC, 1500VA, 4.362A @ 347VAC, Commercial Grade - Available in White.

Ideal for use in: warehouses, manufacturing and other low or high ceiling applications, 15-40 ft. mounting heights.

Catalog #
 OSFHU-CTW

Linear High-Bay Fixture-Mount Occupancy Sensor For Cold Storage -40° F

Passive Infrared Technology, 360 Degree and aisle way capabilities, 800VA, 6.67A @ 120VAC, 1200VA, 4.33A @
 277VAC, 1500VA, 4.362A @ 347VAC, Cold Storage -40° F, Commercial Grade - Available in White.

Ideal for use in: Cold storage applications, 20-40 ft. mounting heights.

Catalog #
 OSFOA-W

Offset Adapter for Linear High-Bay Fixture-Mount Occupancy Sensor

For deep body fixtures, the accessory OSFOA-W is a two piece plastic offset which installs into the fixture 1/2" knock-
 out using the provided lock-nut. Then the Linear High-Bay Sensor is installed in one of three, 1/2" punch-outs
 positioning the sensor at the correct field-of-view position flush or below the fixture reflector assembly.
